This free icon pack includes the full size iPad graphic and Apple iPad Icons in 256px, 128px and 64px icons sizes. Just like the iPhone and other Apple products, there's no doubt the new iPad will begin to appear in a range of website designs in the near future. So, Chris Spooner has created an iPad style icon pack for you to download for free use in your upcoming website or application designs, or to simply save in in your resources folder until the opportunity comes around!
