

# Installing MySQL on Ubuntu

505 Administrator Sat, May 15, 2010 [MySQL](#) 1 2511

1. Login to the server (user: me, pass: hard2guess)

2. Type the command sudo apt-get install mysql

| date       | action/description   | details                               |
|------------|----------------------|---------------------------------------|
| 5/21/2010  | yss. HDD Failed      | hard drive failed, server was healthy |
| 05/14/2010 | yss. Rebooted server | server was hung, issue related to     |
